Subject: Fwd: Bloom and world trade center

To the folks at the Port Authority

I have copied senior folks from the US EPA as well as President Elect Biden's choice to head his EPA. Bloom Energy is a HUGE FRAUD. EPA has fined Bloom for hazmat and will fine them more in the future. The World Trade Center will become a generator of hazmat with lead, chromium, arsenic and benzene. Bloom lies and greenwashes about their CO2 emissions. They lied to PANYNJ that you will lower your CO2 footprint by 1,140 metric tons a year. I estimate you will increase your CO2 footprint by approximately 2,000 metric tons per year. Bloom lies about their VOC emissions and Bloom has to decoke their fuel cells,

I am an award winning chemical engineer and an award winning journalist. Sal Graven of NYSERDA is copied. He knows a lot about Bloom's fraud in the empire state. Under FOIL he provided me a lot of records.

I suggest that the Inspector General of PANYNJ investigate how Bloom was awarded the contract for the 1.2 megawatts of fuel cells to be installed at the World Trade Center. I expect a reply to this email.

Theranos was the Bloom of Blood. Bloom is the Theranos of Thermodynamics.
